

MEMBERSHIP BENEFITS

Why Join IEEE ComSoc?

Discover the latest. Technology breakthroughs, cutting-edge information, and research in comprehensive peer-reviewed media

Connect and collaborate. Exceptional networking opportunities globally and over 200 local chapters worldwide

Stay relevant and learn. World-class education and training, certification programs, and technical committees. Exceptional career resources and opportunities to teach and learn

Distinguish yourself through an award program that recognizes our members' contributions and service to the society

Gather and grow at our flagship conferences, workshops, and other international events. Be first to hear about new breakthroughs, practical application, and leading-edge initiatives

Make a difference. Volunteer to gain additional experience and enhance your leadership skills, leverage technology for good, and support the Society and the profession.

Less Exposition, More Impact

It's difficult to keep up with the pace of change in communications technology. ComSoc membership includes professional publications that get you up to date fast and introduce you to the innovations that match your interests.

High-Quality Academic Journals

ComSoc publications were named as 7 out of 8 of the world's top journals in telecommunications. Find journals of professional interest as resources and potential publishing opportunities.

Peer-Reviewed Magazines

ComSoc's monthly magazines deliver current updates of critical developments and project where technology will lead the industry.

Multiple Options, No Matter What Format You Prefer

Newsletters, whitepapers, digital assets, Best Readings (a collection of books, articles, and papers on a featured topic). Free and subscription options abound.

Smart Networking

Find your circle. Network with communications technology professionals around the world and close to home. Meet, present, and learn at respected global events. Establish interest and affinity groups and find or be a mentor.

IEEE Collabratec™

- Network, collaborate, and create
- Expand your professional network
- Stay in touch with current contacts
- Build an affinity group
- Showcase your accomplishments
- Empower others to discover your expertise

IEEE ComSoc Conferences

- Peer interaction
- Cutting-edge developments
- Practical knowledge
- Content for everyone, from learners to leaders

Technical Committees

- Where interest, collaboration, and influence connect
- A range of subjects from big data to optical networking, social networks to wireless communications
- Gather with peers with common interests, propose new committees
- Help guide ComSoc's co-sponsoring initiatives and technological pursuits

Your Local Chapter

- Make inspiring connections close to home.
- Meet local peers
- Attend events and lectures
- Over 200 professional and student chapters worldwide

The Engineered Career

Without a solid network and skills training to move you forward, your career can stall. That's why IEEE ComSoc membership features continuing education, skill building, mentoring, training, and collaboration that brings together what you need to get ahead.

IEEE JobSite

IEEE JobSite does more than just provide a comprehensive database of open positions and resume submission. Discover how your salary compares by industry, function, location, and more. Polish your resume with built-in tools that set you apart from the competition. Job alerts let you know immediately when a position opens that meets your criteria. Don't just post; promote.

IEEE ResumeLab

Build your resume like a professional. With IEEE ResumeLab, you can choose your resume's look and feel. Practice your interviewing skills in a mock interview with hundreds of provided potential questions, and create letters, portfolios, and skill assessments to enrich your professional profile. Then, share your polished profile with potential employers, mentors, or colleagues through a personalized website.

IEEE Collabratec™

The world is full of networking sites. Choose the one that brings you closer to global technology professionals: IEEE Collabratec™. Whether you want to interact by location, interest, or career pursuit, Collabratec helps you showcase your achievements, access networking, collaboration, and authoring tools, polish your resume, and plan your next career move.

Continuous Current

Advance your career in communications technology with in-depth training on technical content and the most current communications technology topics. Professional development and continuing education options (including WCET recertification) suited for busy schedules and different learning modalities include:

Live, in-person
training courses

On demand
online courses

Live webinars

IEEE ComSoc
School Series

Educational
Activities
Newsletter

Customized training
to suit your needs

Acknowledged Achievement

Professional excellence and achievement deserve to be recognized. IEEE and IEEE ComSoc honor members for their accomplishments, service to society, and advancement of technology. Awards and recognitions are presented at every career stage.

IEEE Awards

IEEE Medals

IEEE Recognitions

ComSoc
Chapter Awards

IEEE Technical
Field Awards

Immersive Experiences

Network, learn, and share the latest developments in communications technology and use at global events like our flagship IEEE GLOBECOM and IEEE ICC conferences, plus 41 international conferences, workshops, and events.

Flagship Conferences: Large Conferences covering most of ComSoc's technical scope

Core Conferences: Medium/large events targeting an internationally-based audience and a subset of ComSoc's technical scope

Other Conferences and Workshops: Smaller events focusing on a narrower technical scope

Regional Conferences: Conferences in a specific region of the world, with involvement of IEEE Sections and Chapters, technical committees, and ComSoc sister societies

Conferences Financially Co-Sponsored: Events facilitating collaboration with other IEEE societies or another organization (Sister Societies, ACM, AFCEA, OSA, etc.) with overlapping interests

Events of IEEE Initiatives Sponsored by ComSoc: Like the 5G Summit, IoT Summit, and Sustainable ICT

Other Events Supported by ComSoc, like the Brooklyn 5G Summit

Change Catalyst

Gain additional experience and enhance your leadership skills while supporting the Society and the profession. Help transform lives by leveraging technology for sustainable development through the IEEE Foundation's humanitarian and philanthropic activities.

Conference Volunteers

Help plan the operations and technical content for many ComSoc conferences around the world.

Publications Editors

We need enthusiastic editors for our prestigious peer-reviewed magazines and journals.

Technical Committees & Emerging Technologies

Participate in technical committees that intersect with your interests and propose new ETC initiatives associated with emerging communications.

Humanitarian & Philanthropic Programs

Help transform lives by leveraging technology for sustainable development.

Local Chapters

Get to know your local peers, network, and collaborate! There are more than 210 local ComSoc Chapters around the world.

*Join a global
network of 29,000 +
communications
technology
professionals!*
